2018 Milestone Anniversaries and Long-time Employee for SKA Consulting Engineers Announces Retirement

Celebrating milestones along with after 12 years of dedicated service a much-deserved retirement this month.

GREENSBORO, NC (December 17th, 2018) - [SKA Consulting Engineers, Inc.](#), gathered for their annual company-wide year end event at BoxCar Arcade in downtown Greensboro. SKA leaders handed out Milestone Anniversary certificates (full list of awards below) and announced the retirement of dedicated, long-time employee, Ania Reich, effective December 31, 2018.

"We are extremely grateful to the many contributions that Ania has made during her extensive career with SKA," said Stephen Robinson, PE, President, SKA Consulting Engineers, Inc. "Not only did Ania provide fire protection design for over 400 projects with SKA, she sought out social outreach projects helping with an *Introduce a Girl to Engineering* event at a local school and 'engineered' the design of a quilt to raise \$5000 for Breast Cancer Awareness."

An award winning and accomplished quilter, Reich is mostly looking forward to simply spending more time quilting and teaching more classes at Sewingly Yours in Lewisville, North Carolina.
